DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 10 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Gutowski et al..

3. Scandella discloses the device as claimed where: 10 is a web with a recess including vial supports 12; 32 are annular retainer clips that have a horseshoe shaped recess 36; and the retainer clips may be slidably displaced along vial 20 and the retainer clips snap fit onto the vial support (see col. 2, ll. 43-50).

Conclusion

4. Applicant's arguments with respect to claim 10 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment did not necessitate the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE NON-FINAL.**

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
